

# CAMP TISDALE BLOG

By Coach Shane  
Sep 19, 2009

**E**lections "upon us", in the midst of the women's extension (aka Domestic Situation), plus LCC Wrestling Club's ending off of their respective "pre-season", indeed, there is a lot going on with Camp Tisdale as of late.

As for the elections, those are now scheduled for this coming Monday, Sep 21, 09, 8:45am, at Camp Tisdale Community Center, with the following position openings:

- \*Secretary
- \*Treasurer
- \*Parliamentarian

The **Chair** and **Vice-Chair** respectively are still filled positions, although the **SGT At Arms** may remain the same with Corey Tripp if he arrives wanting to still stay.

Other than the three positions above, two others that were needed previously and also appointed, are back in questions too for this next

fiscal year: both Members at Large.

Non-voting members upon the board, the **Member at Large** positions will be ruled on Monday then as if warranted for the future or not. If so, and kept, one or both will be open to be ran for on this same date too.

As for "**Domestic Situation**", they just celebrated their FIRST season completion by following in Affliction's shoes from last year, and a Cedar Point party celebration, WOPA!

*LOT OF FUN* is all that could be said about Cedar Point then this year, still little to NO wait periods, lots of good family fun, and real scary rides, the girls were missing a few new members, but immediate family members still came along to make this 1<sup>st</sup> year party a huge success!

And yes, DON'T LAUGH, but even COACH was coerced to go on almost EVERY ride, well, except the roller coasters!!!

If interested in knowing more about our women's wrestling extension, coming in to watch, or even join, check out their official website to the right; and, pass the word along so that girls of all ages know that we are out here!

Pre-season tryouts **BEGUN** also for **LCC Wrestling Club!** The promotional flyers (shown above), posters, business cards, press release, and more are now finally APPROVED by LCC, and about to start public dissemination. So, spread the word!

As for the club's ongoing training, that has been awesome, and a challenge. I can personally attest to such!
